### Shared Governance Survey

In light of strong criticisms of the drafted shared governance survey, Bondy and Yeager make the following proposal:

Use the 2 open-ended questions to obtain faculty feedback about shared governance in the spring. These questions are as follows: (1) What are the strengths of shared governance in the College of Education? (2) How can shared governance in the College of Education be strengthened? The newly formed Shared Governance Advisory Committee will analyze the feedback in the fall and report to the FPC. Faculty feedback is likely to have implications for the process of shared governance and for the development of a useful assessment tool.

Added 3/19/07: Bondy and Yeager will include the UF Faculty Senate's definition of shared governance in the survey.
